👤 Summary

Dedicated technical student with a strong foundation in software development and programming, proficient in Kotlin and C++. Experienced in app development, and a solid understanding of data structures and algorithms (DSA). I'm really curious to learn new technologies and I'm committed to continuous learning and applying innovative solutions in real-world projects. Seeking opportunities to leverage technical skills in a dynamic development environment.

📊 Skills

Problem Solving | Data Structures and Algorithms | C++ | Kotlin | Communication | Version Control

🎓 Education

Medi-Caps University
Bachelor of Technology - BTech, Computer Science

2027
